Problem solver

Attention to detail

A logical approach to work

Strong creative ability

Android development

Java

Html

Css

JavaScript

Wordpress Design

PERSONAL PROJECTS

Crypto Haiti (01/2022 - a nos jours)

- I would like to create a web platform to help Haiti buy and sell cryptocurrencies in Haiti. Most of us don't have credit or debit cards. I would like to be the bridge between them.

Personal web page (03/2022 - 04/2022)

- Personal web page for a client to show his work online.
